## SWISS MADE Macrolux products applications MORE LIGHT FOR A BETTER LIFE Multiwall polycarbonate sheets for conservatories

### TEMPERATE PLUS Athermic Bronze Opal sheets

Improving your carbon footprint with **Temperate Plus.** 

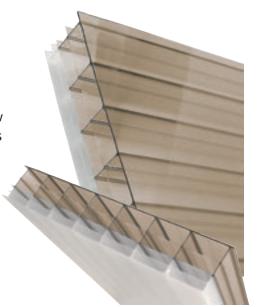

Creating the right climate for your Conservatory, Garden Room, Orangeries, Walkways, Canopies.

Which ever application you choose, remember to ask for **Temperate Plus.** 

The only Polycarbonate to combine all the new technologies with one of the most popular colour combinations, Bronze/Opal. This New Bronze/Opal offers you one of the most popular colour combinations with the benefit of Athermic Control, drammatically reducing the heat transfer into your building compared to standard material, and with the same Light Transmission of the old Bronze/Opal.

**Temperate Plus**, gives you and your building a whole new Climate, which is much cooler, brighter and cleaner than any other Polycarbonate Sheet ever produced.

So, next time you are looking for a product that not only keeps you dry, but will give you a whole new experience, with it's combined technological break through, with both strength and clarity.

### Ask for **Temperate Plus!**
